

**DORSETT**  
WANCHAI . HONG KONG  
香港灣仔帝盛酒店

**A New Face • A New Experience**

**The Cosmopolitan Hotel Hong Kong  
Will Soon Be Rebranded As  
Dorsett Wanchai, Hong Kong**

*Delivery What Matters To You*

The Cosmopolitan Hotel Hong Kong is excited to announce that it will officially be rebranded as the **DORSETT WANCHAI, HONG KONG on 29th October 2016**. Along with the rebranding is a complete top-to-bottom makeover of the hotel's 454 guestrooms and suites, the lobby, and its meeting venues, giving the hotel a fresh new look to welcome its guests, regardless whether they come for business, leisure or for family travel reasons.

The Dorsett Wanchai delivers more than just a hardware upgrade with the rebrand. Guests can expect to experience a stay that is not only stylishly playful and with a taste of the urban, but also beyond thoughtful. Many new features, including but not limited to the following have been introduced for your enjoyment.

***Stylishly Playful***

The newly introduced Dorsett Wine Hour is available every Friday evening featuring a complimentary range of handpicked Old and New World wines and scrumptious East Meets West canapes. For the kids, we have the scrumptious Dorsett Candy Bar. On top of these, the Dorsett Wanchai's signature theme suite collection encompassing audio/visual, massage equipment and products for the kids from some well-known world brands will be sure to impress.

***A Taste of the Urban***

Dorsett Wanchai's neighborhood has everything that Hong Kong has to offer. There are countless shops and eateries like cha chan tengs for one to eat and shop like a local and details of these are nicely presented in a specially edited booklet which is constantly "road-tested" by hotel staff.

### ***Beyond Thoughtful***

We are the pioneer in introducing a Guaranteed One-hour Response for in-house guests. We also offer free use of a smart phone that includes unlimited 3G Internet, Wi-Fi hotspots, and free local and IDD calls to 10 countries both in and outside of the hotel. Guests booking on our hotel official website will enjoy a Full 24-hour Stay and free premium Wi-Fi. Other personalized services include a range of family rooms and kids' amenities to impress even the littlest traveler, as well as the latest female-friendly grooming items in our "Ladies' Love Box" stocked in every triple and quad room for female guests travelling together.

With the above, I hope you will agree that the Dorsett Wanchai is the hotel that "Delivers What Matters To You". While we can't wait to welcome you to experience the above first hand, I would like to let you know that our hotel continues to be operated by the same team to provide excellent and consistent service to you.

I and my team below will be delighted to share with you further on our new offerings and answer any questions you may have with regards to our rebrand. Please do not hesitate to contact us if you need further information.

Ms Anita Chan	General Manager	<a href="mailto:anita.chan@dorsetthotels.com">anita.chan@dorsetthotels.com</a>
